Eminent Photographer, Thomas Gushul, Passes at Age 73

The Crows Nest Pass district was shocked to hear of the passing of Thomas Gushul, well known photographer and resident of the Pass for over 50 years. He had been in failing health for several years and spent the last few weeks in the Crows Nest Pass Municipal Hospital.

The late Mr. Gushul was born in Rozniw, Western Ukraine, on May 12, 1889. He came to Canada in 1906 and worked with the C.P.R. at Revelstoke and Field B. C., during the construction of the "figure eight" tunnels. Later he helped lay the railway track to number eight mine at Lethbridge; then he moved to Blairmore and worked in the old Mitz mine.

During the winters of 1909-1910 he taught Ukrainian at schools in Manitoba farm districts. In the fall of 1911 he worked at the York Creek and International mines at Coleman.

He started photography in 1914, taking many pictures of the victims of the Hillcrest Explosion. In 1917 he quit the mines and stayed with photography the rest of his life.

He married Lena Sawiek in 1914 at St. Paul's United Church, Coleman, with the Rev. T. Murray officiating. With his wife he operated studios in Blairmore and Coleman until 1928, when the latter one was closed.

He won awards for his pictorial work in San Francisco, California, and became well known throughout the West.

He pioneered new techniques in mining photography, examples of which are in the archives of the Mining Institute of Canada.

Other pictures have been used in papers, brochures and historical books.

He will long be remembered for his portrait work which became a tradition with many families who had their fourth generations recorded by him. He was an enthusiastic member of the Photographic

Society of America for many years and former member of the Blairmore Elks Lodge.

He was a great booster of sports, having patronized the Blairmore Bearcats hockey team for years. In his ardent love of music he devoted much time and energy to the support of the Crows Nest Pass Musical Festival from its earliest days.

He is survived by his wife Lena; a son, Evan, photographer at the Research Station, Lethbridge; daughters, Mrs. J. W. (Paraska) Nelson, Pincher Station; Mrs. Ken (Polly) Snowdon, Coleman; ten grandchildren and four great-grand children; sisters, Mrs. Anton Belovich of Vancouver, B. C., and Mrs. Pearl Baker of Coleman.

He was predeceased by daughter Mrs. George (Nadia) Rose in November of 1959; a son-in-law, George Rose in October of 1962; three great-grandchildren, one in 1959 and two in 1962.

Funeral services were held on Monday at 2 p.m. in St. Paul's United Church at Coleman with the Rev. DeLew officiating.

Hall's Funeral Homes was in charge of arrangements.

Remembrance Day, Sunday, Nov. 11

Remembrance Service Sunday Afternoon

Glen Poulton, president of the Coleman branch of the Legion announced this week that the annual Remembrance Day Services will be held at the Cenotaph commencing at 1:30 p.m. on Sunday, November 11th. There will be no parade this year.

Mayor John Ramsay will act as chairman and will call on the various groups to lay the wreaths on the Cenotaph.

Roll call of War One dead will

be called by Robert Parry, while Ray Taggart will call the roll for War Two dead.

A bugler from the RCME will blow the "Last Post" and "Reveille" and a firing party will also be in attendance.

The Rev. deLew will preach the Service and Prayer and other local clergy will be in attendance. Plans for a smoker are being completed for the Legionnaires and their guests at a later date.

Essay and Poster Contest Winners Receive Fireman Awards

Fire Chief Henry Zak, jr., of the Volunteer Fire Brigade, stated this week the Fire Prevention Week campaign undertaken by the brigade was a complete success.

During the week-long affair fire drills were conducted in both the schools, after which Fire Prevention lectures were given to the students.

Firemen, co-operating with the school teachers, barricaded one exit at the Central school, and all of the 500 pupils in the school were evacuated in 62 seconds, and in the second drill, one exit was barred in the high school section, and the rooms were totally cleared in one minute 51 seconds.

At the West End school, with one of the exits barricaded, the 170 small pupils were out in 51 seconds, and leaving only one exit for evacuation, the school was cleared a second time in one minute flat.

During the week the brigade sponsored an essay and poster contest, and keen interest was again displayed by the students, and presentation of prizes of \$1.00, \$2.00 and \$1.00 for each of the 18 rooms was held in the Roxy Theatre on Friday afternoon.

To make the afternoon more interesting and valuable three films on Fire Prevention were shown. The winners of the essay and poster contest were presented with their awards by Fire Chief Zak, assisted by brigade members Peruccio Dececco, Ed Amell and John Wavrean.

Winners at the Cameron school in West Coleman were:

Grade one, David Woods, David Rejman and Catherine Colosimo; grade two, Rudy Szymanski, Timmy Wavrean and Marlene Ezaki; grade four, Brenda Getman, Gayle Giriny and Brenda Dase; grade five, Michael John Ondrus, Leslie Albin Panek and Connie Jane Lant; grade six, Christyann Dunford, Christine Myslicki and Gladys Dunford.

Winners at the Central school were:

Miss Sudworth's grade one, Impi Young, Judy Kulig and Sandra Lant; Miss Oliva's grade one, Susan Duguid, Karen Michalsky and Mary Markowski; Miss Adams' grade two, Frances Taje, Jackie Hummel and Ruby Ross; Mrs. Goring's grade two, Lucia Laporte, Domenico De Pinto and Billy Sikora; Mrs. Allen's grade three, Lilly Green, Wendy Malanchuk and Linda Young; Mrs. Willoughby's grade four, David Truch, Rosemary Hascovsky and Tommy Jackson; Mrs. Coover's grade five, Debbie Malanchuk, Mark Venier and Joe Troz; Mrs. Montalbetti's grade six, Dale Montalbetti, Brent Michalski and Alden Kropinak; Mrs. Malanchuk's grade seven, Rosalind MacLeod, Patsy Hyashi

and Caroline Kubica; Mrs. Holyk's grade seven, Geraldine Hurd, Matt Hanrahan and Gloria Paxton; Mrs. Atkinson's grade eight, David Borrows, George Cembrowski and Arlene Krywolt; and Mrs. Fortunato's grade eight, Kathleen Aschocher, Renato Braidotti and Lori Megli.

During the afternoon principal of the school, Horace Allen, gave an interesting talk on the fire films and thanked the brigade and the firemen for making this annual event possible.

Fire Chief Zak then expressed his thanks to Principal Allen, the teaching staff, to J. Dobek for providing the theatre building for the occasion, to the School Board and secretary, and to the firemen for their efforts in making the annual affair possible.

Mr. Zak also expressed thanks to all who supported the tag day and purchased tickets from the firemen to raise funds for this annual occasion.

Elector's Favor By-law

Proprietary electors in Coleman went to the polls on October 31st and voted 178 in favor of and seven against authorizing the Municipal Council to enter into agreement with the West Coast Transmission Co. Ltd. for the purpose of purchasing natural gas. A two-thirds majority of electors was required to pass the by-law.

Pass Cadet Completes RCAF Course

(Lethbridge Herald)

NAMAO — Flt. Cadet J. R. 'Joe' Brown, 18, son of Mr. and Mrs. J. A. Brown, Coleman, Alberta, has graduated from the RCAF's Survival Training School (summer bush course).

F. C. Brown, a navigator trainee at the Air Navigation School, Winnipeg, Man., joined the RCAF in September, 1961.

The Survival Training School teaches air-crew and other personnel who in emergency may "need to know" the techniques of survival in uninhabited areas.

His classroom is the "great outdoors" at Jarvis Lake, Alberta, where training in the bush is given under both summer and winter conditions and at Resolute Bay on Cornwallis Island, where Arctic winter survival is taught.

Firemen Enjoy Annual Ball

The Coleman Volunteer Fire Brigade enjoyed its annual banquet in the Grand Union Hotel reception room Friday evening, November 2nd, attended by the firemen and their wives, town officials and guests.

The trophy and prizes won by the Bowness Fire Department at the hose coupling competitions held here on July 1st were not presented at the banquet as the Bowness team was unable to be present.

Following the supper, attended by some 60 persons, the firemen retired to the Elks hall where an evening of dancing was enjoyed at the firemen's Annual Ball.

The enjoyable affair featured spot and novelty dances for which winners received prizes. The draw for the \$50 bond was made and won by Leroy Schultz.

Wins Scholarship

G. J. Ryznar, son of Mr. and Mrs. Michael Ryznar of Coleman, has been awarded a \$5,000 Mobil Oil of Canada scholarship at the University of Alberta where he is due to graduate in Geology in 1964. Mr. Ryznar was born in Lethbridge and attended elementary and high schools in Coleman.

Govt. Revenue From Beer Sales Is \$225,000,000

Canadian government revenue from beer sales in 1961 was \$225,000,000, according to a survey of the economic importance of the brewing industry just completed. Since the end of World War II the brewing industry in Canada, owned and controlled by more than 40,000 shareholders, (almost all Canadians), has paid more than \$2,000,000,000 (two billion dollars) in taxes to the federal government alone.

Translated into practical terms the \$225,000,000 taxes paid last year are sufficient to pay:

—all expenditures of the federal Department of Agriculture, including payments to western grain producers, freight assistance on western feed grains, assistance

for storage and the Prairie Farm Emergency Fund, or —one half the cost of all Unemployment Ins. claims, or —the total of all provincial spending for the aged, the unemployed and the unemployables; plus all federal operating grants to universities and colleges and to the Canadian Broadcasting Corporation, or —in domestic terms it would buy 15,000 homes at \$15,000 each or provide 75,000 Canadian families with a medium-priced car.

The survey also shows other impressive contributions to the national and local economy, according to Dominion Brewers Association, national trade association for the brewing industry.

One member out of every 80 Canadian families is working indirectly or part time with the brewing industry in Canada—60,000 peo-

ple. And working directly for the breweries is one member of every 400 Canadian families — 12,000 employees.

The industry does business and is represented in 325 Canadian communities. At a local level \$5,000,000 (55c on each barrel of beer produced) is paid in municipal and business taxes—more than enough to finance 17 modern schools, each with 10 fully equipped classrooms, each year. More than \$2,000,000 is paid in rentals in these communities.

Capital expenditure for new construction, equipment, and repairs to brewing industry plant and buildings (averaged over the last five years) is \$21,000,000 — sufficient to underwrite the building and tooling up of 100 moderate-sized light industries.

Salaries and wages paid to those directly employed in the industry (not including the 40,400 indirect employees and part timers) total \$64,000,000 yearly — far in excess of the total annual payroll of the average Canadian city with a 40,000 population.

Employment security benefits each year total \$6,000,000 — the price of a 300-bed hospital at present-day prices.

This figure includes only group life, sickness and accident insur-

ance; unemployment insurance, workmen's compensation, and retirement and pension funds. Many additional fringe benefits are also accorded employees.

A huge fleet of trucks is operated by the industry, but in addition freight and cartage charges paid to independent carriers exceed a quarter million dollars each week—nearly \$14,000,000 annually.

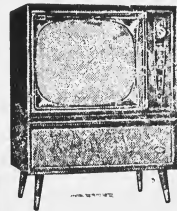

Cash spent on production materials annually exceeds \$67,000,000. Included in this expenditure is \$33,000,000 for raw materials, notably malted barley, a valuable contribution to the economic security of many of Canada's 100,000 barley growing farmers.

About \$30,000,000 is spent on packaging (the industry is the 5th largest purchaser in Canada), representing a large turnover for the forestry and glass industries.

A further \$4,000,000 is used for supplies to maintain and repair plant (non-capital items). A good percentage of this expenditure enables local industries to prosper.

The lakes and rivers of Canada cover an area of 291,571 square miles, an area considerably larger than that of the province of Alberta.

Nothing is so empty as a day without a plan.

Alberta Junior Citizen Award Winner

JUDITH WALTERS

Felger Colony, Hutterite Brethren of Lethbridge

Judith won her award for the unique contribution she made in the field of social integration. By word and deed she proved to members of her colony and to non-Hutterites, that it is possible to retain the traditional dress and customs that are integral to your profoundest beliefs, yet become a popular public school student.

In the Fall of 1961, Judith had to make a decision. Their colony school had to close. She had no alternative but to attend the large Kate Andrews Senior High School in Coaldale. Could Judith face these students fifteen miles from home — would they accept her in her traditional clothing? She was not worried about her school work for she had always been a good student. Judith with her quiet friendliness and understanding made a real place for herself at Kate Andrews. She modeled clothes she had made and acted as commentator at school fashion shows. She was the stenographer responsible for putting together the school year book. She sang in the school Glee Club. She passed her Grade 12 in one year and obtained a matriculation standing.

Judith is now attending Lethbridge Junior College where she is enrolled in Education.

Judith has led the way for other members of her colony to continue their education in public schools. For her great contribution in the cause of social integration, we thank you Judith on behalf of all Albertans.

This is one of six announcements about the 1961-1962 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledge the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to Mrs. W. Andrews of Lethbridge who nominated Judith for the award.

 Oct. 24, 1962.

Mr. Thomas Halstead,
 The Coleman Journal,
 Coleman, Alberta.

Dear Tom:

I enclose money order for \$2.00 for the renewal of my subscription to The Journal.

It is interesting to follow the activities of the town through the columns of your paper, and we enjoy reading it very much.

I hope that you and Mrs. Halstead are enjoying good health. I am sure you are all looking forward to the convenience of gas in your homes this fall and winter.

With kindest regards, I am,
 Sincerely yours,
 F. H. GRAHAM.

For the coming year it is estimated that federal government spending will average \$1590, or about \$30 weekly per Canadian family.

Burned-out Family Gets Red Cross Aid

Through Red Cross Disaster Aid a family of eight, burned-out of their trailer home at Chestermere Lake early Monday has been lodged in a Calgary motel and provided with food and new clothing.

Word of the fire reached Provincial Red Cross headquarters in Calgary Monday afternoon.

The victims were brought to Calgary where Red Cross secured temporary accommodation for the family in a local motel. Emergency food supplies and new clothing were also purchased for the fire victims by Red Cross.

National Plans For Coal Shipments To Japan

The following is from Lawrence E. Kindt, M.P., Federal Constituency of Macleod:

Ottawa, Canada,
 Oct. 31, 1962.

In September I asked the Federal government to deal with the subvention rate for coal shipments to Japan. A decision now has been made, and I am in a position to inform you. The subvention is to be \$3.15 per ton, and the Federal government will pay up to this amount in order to ensure the movement of coal to Japan during the fiscal year commencing April 1, 1963.

The maximum tonnage on which the subvention will be paid is 750,000 tons, which will be an increase of 50,000 tons over this year. The amount of money involved for the subvention will be approximately \$2,302,500 in the aggregate. This early announcement on next year's national plans for the movement of coal to Japan will permit miners and operators and all those associated with the coal mining industry in the Crows Nest Pass to know where they stand.

The Japanese pay for Canadian coal in U. S. dollars. Two years ago the subvention rate had to be \$4.50 per ton because the exchange rate on the Canadian dollar was about 1.05 cents in relation to the U. S. dollar, but now with the exchange rate at 92.5 cents or 13.5c lower, Canadian coal is becoming more competitive.

Instead of a subvention of \$4.50 per ton, it will be lowered next year to \$3.15 per ton, or a saving to the Canadian taxpayer of \$1.35 per ton on the subvention. This is a concrete example showing where most of the trade benefit has resulted from a lower exchange rate on the Canadian dollar.

On many export commodities, the benefits have been tremendous. In addition to coal, wheat sold for \$2.00 per bushel in foreign markets is bringing the farmer in the Macleod Riding about 27c more per bushel. Fat cattle shipped to Chicago are bringing the stockmen about \$40 more per head.

The U. S. tourist traffic has greatly increased this year. Our Canadian exports all along the line have increased, making it possible to create more jobs for Canadians. When the rate on the Canadian dollar was high, the money changers received most of the benefit, but now with a lower rate, the ordinary man and woman is receiving the benefit. There has been no measurable rise since last June in the cost of living index trace-

able to the lower exchange rate on the Canadian dollar.

However, you will recall the words of unscrupulous politicians trying to discredit the government by preaching doom and gloom and ruin during the last election to win votes. In the light of the benefits of a lower rate to our economy, YOU be the judge.
